# New and Rare Roses.

Catalogue Specialties.

Greenhouse Plants.

## JACOB SCHULZ,

*WHOLESALE FLORIST.*

No. 1325 East Broadway,
LOUISVILLE, KY

# Directions to Correspondents.

OUR customers will confer a favor upon us and also hasten the shipment of their orders, by conforming to the following directions:

## NAME AND ADDRESS.

Please write your *Name, Post-office, County and State* as distinctly as possible, especially the name; also the *nearest Express Office*, or, if on a Stage Route, send us special directions, giving us the name of the Express Company delivering goods.

## PLEASE WRITE THE ORDERS LEGIBLY,

Apart from the body of the letter, to facilitate execution and prevent errors.

## REMITTANCES.

Should be made by Post-office Money Orders or Postal notes, Drafts on Louisville or New York banks, or Express Money Orders. Where it is not possible to obtain these the letter should be registered. Remittances should not be made otherwise than as above directed.

## C. O. D.

We decline sending perishable goods *Collect on Delivery* to distant points, unless a remittance be made on account, to guarantee the acceptance.

## ORDER EARLY.

It will greatly facilitate shipment if orders are sent in early. We aim to send off all orders the next day after receipt, but during the busy season delays occur unavoidably. Our customers will consult their own interest in getting the first pick, by quick orders.

## ERRORS.

We exercise the utmost care in filling orders, striving to do a little more than we offer, yet in the press of business errors occur. We wish to be promptly notified of the fact, and will make such corrections as will be satisfactory. Please keep copies of all your orders for comparison.

## SHIPMENTS

Of plants should be made by express, though to near-by places the goods will go safely by freight. We beg leave to say, however, we assume no responsibility whatever for safe delivery of plants by freight, and the goods travel solely at buyer's risk.

## PACKING.

No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.

We aim to send off all orders on the day of receipt, or nor later than the day following.

Kindly notify us if goods are not received promptly. Address all letters on business to

**JACOB SCHULZ,**

# ROSES.

AMERICAN BELLE. The new pink sport of American Beauty, 75c each.

KAISERIN AUGUSTA. New Hybrid Tea Rose. One of the most promising introductions of the season. The flowers, which are of large size, full, and produced in the greatest profusion, are of a creamy white color, shading deeper towards the centre. It is a strong healthy grower, with fine foliage, and will undoubtedly take a foremost place as a rose for forcing for cut flowers. Strong young plants 50c each.

MADAM C. TESTOUT. (Hybrid Tea.) This is one of the introductions of '91. A really grand rose, of the La France type. It is clear pink in color. 25c each.

ELIZA FUGIER. (Tea.) A seedling from Niphetos, which it greatly resembles in form of bud, while the color is deep cream, sometimes edged pink. 10 Cents Each.

MAD A. VEYSSET. (Striped La France.) Stronger grower than La France and a very free bloomer. $1 00 per dozen.

BRIDESMAID. (Tea.) In this exquisite new Tea Rose we have an improved Catherine Mermet, from which it is a sport. $1.00 per dozen.

AUGUSTINE GUINOISSEAU. (White La France.) A sport of La France. In growth it is the same as La France or Duchess of Albany, even stronger and more free-blooming than those varities. In color it is white, shaded with a very light but bright pink. $5 00 per 100.

DUCHESS MARIA SALVIATA. A strong grower, with large, very full flowers; color a beautiful orange shaded pink; sometimes the flowers are a clear saffron-yellow without any shadings. 75c per dozen.

JEANNE GUILLAUMEZ. A strong, healthy grower, with large, well-built flowers; carmine with copper shadings. $1 00 per dozen.

DUCHESS OF ALBANY. This beautiful novelty is a sport of La France, but deeper in color, more expanded in form, and larger in size. The flowers are deep, even pink, very large and full and highly perfumed. The growth of the plant is exceedingly vigorous; the habit is good. $4 00 per 100.

SAPPHO (Tea.) Buds fawn color, suffused with rose; the opening flowers shaded yellow and tawny buff; centers deep, bright yellow; large, full and globular. It produces its blooms with extraordinary profusion, even for a Tea Rose. The petals are large and of much substance. A splendid Rose to keep after being cut. $1 00 per dozen, $4 00 per 100.

SOUVENIR DE WOOTTON. An American variety of great promise for forcing purposes, and it is being largely planted by cut-flower men. Color rosy crimson or crimson red. Young plants, 2½ inch pots, $4.00 per 100.

MADAME HOSTE (Tea.) A strong, sturdy grower, with handsome foliage. Flowers of extra size, most beautifully formed, with large outer petal. Color yellowish white, with a deeper buff-yellow shading. $4 00 per 100.

THE QUEEN. A most charming white sport from Souvenir d'un Ami. Will be useful for white flowers. We esteem this highly. 2½-inch pots, $4 00 per 100.

ERNEST METZ. Robust in growth but dwarf in habit. Flowers very large when open. Long pointed buds produced on long stems. Color rosy carmine, with the color heightened in the center. Variety extra. $4 00 per 100.

MADAME PIERRE GUILLOT. Moderately vigorous growth; flowers large, nice shape; color white. A magnificent variety. 2½ inch pots, $1 00 per dozen.

CLOTHILDE SOUPERT (Dwarf Polyantha.) This beautiful Polyantha was obtained by crossing the varieties Mignonette (Polyantha) and Madame Damaizen (Tea.) The flowers are large in size, very freely produced and of nice contour, resembling Boule de Neige in shape and almost as large. Color of flower a pearl white, shaded at center with silvery rose. It is fine for pot culture, and will be valuable for market or cut-flower purposes. $4 00 per 100.

LADY CASTLEREACH (Tea.) A distinct Rose, of vigorous, branching habit; foliage large and leathery; a continuous and late bloomer; flowers very large, full, beautifully formed; petals thick, round and smooth; color soft rosy yellow, with rose color predominating on the outer edges of the petals. Recommended for forcing by the raisers. 75c per dozen; $4 00 per 100.

SOUVENIR DE VICTOR HUGO. Bright China Rose, with copper-yellow center, ends of petals suffused with carmine. A charmingly beautiful combination of coloring, and each color blends nicely with the other. This variety will take rank with the best, and is a Rose of decided merit, $4 00 per 100.

CLIMBING NIPHETOS. A sport from the well-known Rose, Niphetos. It is a very strong grower and a very free bloomer; flowers same as the Niphetos. 75c per dozen.

LUCIOLE (Tea.) Carmine, saffron and yellow; a superbly colored bud and large; that is to say, broad and full. The Rose blooms freely, and will unquestionably be universally grown. 75c per dozen; $4 00 per 100.

METEOR (Hybrid Tea.) The color is a very fine crimson; the Rose is an incessant

bloomer, fine when fully expanded, and of excellent habit; perhaps the best Hybrid Tea of this color for general purposes. $5 00 per 100.

PRINCESS SAGAN (Tea.) A very strong, vigorous growing Rose, flowering in the greatest profusion, producing medium-sized buds and flowers; color bright crimson velvet, shaded with scarlet. 75c per dozen. $4 00 per 1 00.

MADAME SCHWALLER (Hybrid Tea.) A superb new Hybrid Tea; a fine, round flower, large and free; rosy flesh in color, lightened at the center, but strong upon the margins of petals: the flower is not only large but the plant is also bold and strong. $4 00 per 100.

PRINCESS DE HOHENZOLLERN (Tea.) One of Nabonnand's novelties, and a very free blooming Rose of the now popular deep red; very fragrant. $4 00 per 100.

MADAME SCIPION COCHET (Tea ) A very attractive outdoor Rose, vigorous, branching and free bloomer; very light rose and white upon a ground color of clear yellow, center apricot: very fragrant. $4.00 per 100.

MADAME ETIENNE (Tea). A fine new pink Rose of dwarf habit, but free; very delicate rose color, darker at the margins of the petals, and having that peculiar luminous effect in the center of the flower which is the secret of beauty in so many Tea Roses; fragrant. 75c per dozen. $4 per 100.

COMTESSE DE FRIGNEUSE. Blooms freely, and the deep rich yellow is very attractive; it is not so double as Perle des Jardins, but it is radically different in form, and a great advance upon such yellows as Isabella Sprunt, Yellow Tea and Madame Chedane-Guinnoiseau. 75c per dozen; $4 00 per 100.

PAPA GONTIER. This one of Nabonnand's peculiar Roses, is too well known to require description. It is in every sense a success, forcing finely, and the buds always commanding ready sale. Their crimson rose with a lightening of yellow is really rich, and the odd, abrupt termination of the long buds gives them a quaint appearance. 75c per dozen. $4 00 per 100.

## HYBRID PERPETUALS.

ULRICH BRUNNER. One of the very finest and most useful of Roses. $6 00 per 100.

DINSMORE. It is hardy and vigorous, and an early and constant bloomer, commencing to bloom almost soon as planted the first season, and continues all summer; the flowers are large and perfectly double; color rich crimson scarlet, very showy and handsome. $5 00 per 100.

GLOIRE DE MARGOTTEN. This grand new Hybrid Perpetual Rose originated in Europe, and is believed to be one of the finest varieties of recent years. The flowers are very large and of regular, symmetrical form, somewhat globular, very full and deliciously scented; the color is clear, dazzling red; certainly one of the most brilliant Roses ever seen; it is a free bloomer and vigorous grower, and is recommended for great beauty and wonderful color. $1 00 per doz.; $6 00 per 100.

EARL OF DUFFERIN. Fine velvety crimson, beautifully shaded with dark rich maroon; very large, full and finely formed; fragrant, and free bloomer. $6 00 per 100.

MRS. JOHN LAING. Truly a florist's Rose, and simply invaluable for forcing, being brought into bloom with the greatest readiness, the buds opening quickly, and the flower being "remarkable alike for its superb form, delicate coloring and delightful perfume." This is not a case where testing is longer necessary to establish the value of the Rose. We can say from our own acquaintance that it has every forcing quality, and apart from that recommendation is invaluable for outside planting because of its freedom and continuity. The color is one of the beautiful silvery pinks, whose freshness and delicacy mark the Roses entirely apart from the old-time Hybrids $1.00 per dozen.

CLARA COCHET. A truly beautiful new Rose, one of Lacharme's, whose Hybrid Perpetuals are so famous, and who has never given us an indifferent flower; one of the most charming Roses. 25 cents each; $3.00 per dozen.

## FORCING ROSES.

I carry a very large stock of these varieties and am in position to execute the heaviest orders with fine plants. Ten or more plants at hundred rates.

AMERICAN BEAUTY. Strong plants. $8 00 per 100.
BON SILENE. Strong plants. $4 00 per 100.
CATHARINE MERMET. Young plants. $4 00 per 100.
CORNELIA COOK. Strong. $4 00 per 100.
ISABELLA SPRUNT. Strong. $4 00 per 100.
LA FRANCE. Young Plants. $4 00 per 100.
MADAME CUSIN. Young plants. $4 00 per 100.
MARECHAL NIEL. Young plants. $4 00 per 100.
NIPHETOS. Young plants. $4 00 per 100.
PERLE DES JARDINS. Young plants $4 00 per 100.
PIERRE GUILLOT. Fine young plants. $4 00 per 100.
SAFRANO. Young plants. $4 00 per 100.
SOUVENIR D'UN AMI. Strong. $4 00 per 100.
SUNSET. Young plants. $4 00 per 100.
THE BRIDE. Young plants. $4 00 per 100.
WHITE BON SILENE. Strong plants. $4 00 per 100.
WM. FRANCIS BENNETT. Young plants. $6 00 per 100.

## FORCING HYBRID PERPETUALS.

ANNA DE DIESBACH. Often called Glory of Paris. $5 00 per 100.
BARONESS ROTHSCHILD. Good plants. $1 50 per dozen.
GENERAL JACQUEMINOT. Strong young plants. $5 00 per 100.
MAGNA CHARTA. Young stock. $5 00 per 100.
MERVILLE DE LYON. $1 50 per dozen.

## EVER-BLOOMING ROSES.

We guarantee these plants true to name, and florists can depend upon their being genuine.

Price, unless specified, from 2½ inch pots, $4 00 per 100, $35 per 1,000; or if the selection of sorts be left to me, $3 50 per 100, $30 per 1,000, ten or more plants at hundred rates.

THE GEM. Yellowish white; free bloomer and strong grower.

ARCH DUKE CHARLES (China.) Crimson scarlet; fine color.

COMTESSE DE LABARTHE (Tea.) Still indispensible on account of its fine habit, great freedom and fragrance.

COMTESSE RIZA DU PARC (Tea.) One of the hardiest Teas, and superbly colored; a valuable Rose; carmine, with copper and yellow shadings.

DEVONIENSIS (Tea.) We have a fine stock of Devoniensis, and the plants are genuine, which can not be said of many that are sold under that name. $6 00 per 100.

ETOILE DE LYON (Tea.) In my judgment there is no yellow Rose equal to this for outdoor use; I can hardly accept Perle des Jardins.

GLOIRE DE DIJON (Tea.) It is very seldom that I can get enough stock of Gloire de Dijon to offer freely, it is in such heavy and constant demand, but am fortunate this season in being well supplied.

GRACE DARLING (Tea.) Clear rosy carmine, on a ground of yellow; a large double flower of great substance. The Rose blooms very freely, is vigorous, and altogether one of the finest things I know for market purposes, the flowers never failing to sell the plant at sight. $5 00 per 100.

HOMER (Tea.) One of the hardiest Tea Roses; bright Rose color, with frequent markings of white.

HERMOSA (Bourbon.) No comment is needed upon what some one has called "The universal Rose."

MADAME DE WATTEVILLE (Tea.) I always feel like classing this and Grace Darling together, as they have in common such valuable market qualities; fine, showy coloring, a good habit, freedom and substance; thick petals of white, freely bordered with high carmine; is being forced in the East, and ranks very high there.

MADAME MARGOTTIN (Tea.) Citron yellow with coppery red at the center; beautiful individual blooms.

MADAME WELCHE (Tea.) I have a good stock of this scarce Rose. $5 00 per 100.

M'LLE FRANCISCA KRUGER (Tea.) Deep yellow, with a shading of copper; quite variable, but always fine; strong, free and good all round.

MARIE GUILLOT (Tea.) Dwarf in habit, but, in truth, the most beautiful white flower in the Tea section.

MARIE VAN HOUTTE (Tea.) Light yellow, edged with pink; strong, and one of the hardiest Teas.

QUEEN'S SCARLET (China.) A counterpart of Agrippina, save in color, which is much lighter and brighter; sells well in bloom.

SOMBREUIL (Tea.) Strong, stout growth like that of a Bourbon, and hardy here; white, with a tinge of pink. The favorite white Rose in this market.

SOUVENIR DE LA MALMAISON (Bourbon.) Young plants, $5 00 per 100.

RED MALMAISON. Like Malmaison, but bright, glowing crimson, rich and velvety; extra fine and invaluable.

SOUVENIR DE GABRIELLE DREVET (Tea.) A remarkably colored new Rose; coppery rose and coppery yellow. $5 00 per 100.

TRIOMPHE D' ANGERS (Hybrid Tea.) Dark Crimson. An incessant bloomer, but of slender habit.

I also have a good stock of the following varities in 5 and 6-inch pots at from $1.50 to $3 00 per dozen: American Beauty, The Bride, Duchess of Albany, Souvenir de Wootton, Catherine Mermet, Marie Guillot, Marechal Niel, Queen of Scarlet, Madame F. Kruger, Arch Duke Charles, Madame J. Schwartz, Comtesse de la Barth, La France, Pierre Guillott, Etoile de Lyon, Sombrieul, Hermosa, Clothilde Soupert, Meteor, Gloire de Dijon, Perle des Jardins, White La France, (Augustine Guinoisseau), and many other varieties. There roses have been dormant all winter and will make excellent stock for retail trade. Will start to bloom first part of April.

## POLYANTHA ROSES.

From 2½-inch pots, $4 00 per 100.

GLOIRE DE POLYANTHA (New 1889.) A wonderful beautiful fairy Rose. Flowers large, perfectly double and diliciously sweet. Color fine citron rose, elegantly flushed with pale carmine. 75c per dozen.

GEORGE PERNET (New 1889.) An elegant new fairy Rose. Flowers medium size, very full, with fine imbricated petals. Lovely buff rose, delicately shaded lemon and fawn; extra fine. 75c per dozen.

MIGNONETTE. PINK.

PAQUERETTE. Pure white; very hardy.

CLOTHILDE SOUPERT. $5 00 per 100.

PERLE DE ORR. Copper Color.

## HYBRID PERPETUAL ROSES.

I can furnish the following selected Hybrid Perpetuals. Fine young plants from 2½ inch pot, $5 00 per 100, unless noted.

CAPTAIN CHRISTY. Really a Hybrid Tea, blooming more or less all summer. Flesh white; beautiful.

COUNTESS OF OXFORD. A grand Rose, finely formed, and carmine-red, shaded with a yet richer color.
GAINT OF BATTLES. A veteran Rose and known everywhere.
MADAME CHARLES WOOD. Rosy crimson; blooms more or less all season
MADAME MASSON. Rosy crimson; a free and continuous bloomer.
MARIE BAUMAN. Bright, clear carmine; of moderate habit.
MARSHALL P. WILDER. The flowers, which are cherry-carmine in color, are large, finely made and inclined to the globular form; a magnificent new American Rose. $6 00 per 100.
PAUL NEYRON. Large, bold, pink flowers; freely borne.
PIERRE NOTTING. Dark crimson, almost black; fine habit.
QUEEN OF QUEENS. Pink, with blush edges; what the English style an Exhibition Rose. $6 00 per 100.
I also have a good stock of the following varieties in 5 and 6-inch pots at $2 and $3 per dozen: Magna Charta, Anna de Diesbach, Marshall P. Wilder, Giant des Battles, Madame Masson, and other varieties that have been dormant all winter.

## MOSS ROSES.

Ten plants or more at hundred prices.
GLORY OF MOSSES. Blush, very large and full; one of the best. $5 00 per 100.
PURPUREA RUBRA. Purplish Red. $8 00 per 100.
PERPETUAL WHITE. Blooms in clusters, very freely; not very double. $6 00 per 100.

---

# Catalogue Specialties.

### ALLAMANDA WARDLEYANA.

A grand improvement on the well-known Allamanda Hendersonii, with which it is identical in habit of growth and color of flower, but is much larger in size, often measuring six to seven inches in diameter. $1 00 per dozen.

### ALLAMANDA HENDERSONII.

This superb climber has come into very general use in the past three or four years for outside planting, and young plants retail readily at thirty-five and fifty cents each, while large vines bring very handsome figures when in bloom. Excellent young plant in 2½-inch pots, $1 00 per dozen; $6 00 per 100.

### TABERNÆMONTANA.

CORONATIA FL. PL. This is another of the plants that has only come into general cultivation with a few years past, but there seems to be no limit to the demand for it from planters, and at good prices. It is doubtless known now to all florists, but it may be worth while to say that it is really a beautiful thing, the flower being waxy-white, with elegantly-crimped petals, and the shrub can be preserved from year to year indefinitely. Handsome young plants in 3-inch pots, $1 00 per dozen; $8 00 per 100; 2-inch pots, $6 00 per 100.

### ROGERIA GRASITSIMA.

A hard-wooded plant, resembling the Ixoras, and bearing in winter heavy heads of blush, tobular flowers, which are very fragrant. It is usually quoted at fifty cents in catalogues, and specimens sold at sight; when in bloom bring much better figures. Fine young plants from 3-inch pots, $1 50 per dozen.

STEPHANOTIS FLORIBUNDA.

The richest and rarest of indoor climbers, with thick, glossy, evergreen foliage, and trusses of long, tubular flowers of great substance; pure white and deliciously fragrant. From 3 inch pots, $2 00 per dozen.

AMERICAN HOLLY.

I have a fine stock of several thousand American Hollies (*Ilex Opaca*), which have lately come into great demand for ornamental use all over the country. They are also freely grown in pots for decorative purposes, and they everywhere meet with ready sale. Plants about 6 inches high in 3 inch pots, $1 50 per dozen; $15 per 100; younger stock $10 per 100; large plants, three feet high, very symmetrical, $18 per dozen.

CANNA—J. SCHULZ.

This Canna is of comparitively dwarf habit, with erect foliage, blood-red in color. It has been pronounced by all florists who have seen it here, the richest Canna in cultivation, and the color is perfectly uniform. In carriage and color it is very handsome; flowers orange red. 15 cents each; $1 50 per dozen.

CANNA.—MME. CROZY.

One of the finest Canna ever introduced. Height about 3 feet; foliage bright green; immense trusses of orange scarlet, each petal bordered with golden yellow. A splendid grower and marvelously free in bloom. $3 00 per dozen.

CANNA—STAR OF '91

Exactly like Mme. Crozy save that it is more dwarf, averaging about 2 feet in height. 20 cents each; $2 00 per dozen.

GARDENIA RADICANS.

Of dwarf habit and bearing small but numerous and perfectly double white flowers, having all the fragrance which has made the Gardenia so popular; very fine stock. $1 per dozen; $8 per 100.

GARDENIA FLORIDA.

Pure white and deliciously fragrant flowers; double. Familiar to all plant growers. Handsome young plants. $1 00 per dozen; $8 00 per 100.

JASMINUM GRAND DUKE.

This is the finest of the Cape Jessamines, with white flowers, round, formed like rosettes, and powerfully fragrant. My stock is large, in 3-inch pots, and in fine condition. $1 00 per dozen; $8 00 per 100. 2-inch pots, $6 00 per 100.

FRANCISCEA EXIMIA.

Another rare hard-wooded plant, blooming freely during winter, with large blossoms of a rich purple-violet, and quite fragrant. The whole character of the plant and flower is elegant, and it is not so difficult of propagation as many green-house shrubs, although it retails at high prices. Fine plants from 3½ inch pots, $1 50 per dozen; $12 per 100.

---

## ACHYRANTHUS.

BIEMULLERI. Dark metal red foliage. Its strong point is its low-spreading, symmetrical growth; does not exceed six inches in height; a very useful novelty. 10 cents each; 50 cents per dozen.

# Chrysanthemums.

## NOVELTIES FOR 1893. READY MARCH 1st.

**Descriptions are of those of the Introducers. Price, $1.00 Each. Twelve Plants, purchaser's choice, $10.00. Ready March 1st.**

NIVEUS—(N. Smith & Son.) A grand snow white variety. Centre irregularly incurving with outer petals reflexing nearly to the stem. Constitution robust, foliage large and abundant, while the keeping qualities of the flowers are unsurpassed. Without doubt the best seedling of the year. Winner of the Gold Medal and $100.00 at Cincinnati; the Periam & Thorpe Special Prizes at Chicago. Also $25 00 at Indianapolis, and the same at Bay City, as the best seedling, any color, for 1892. Also Certificate at Springfield.

MRS. M. W. REDFIELD—(N. Smith & Son.) A decided early reflexed variety, will follow Gloriosum in three to five days. A perfect ball of beautiful peach pink, and as dwarf in growth as Ivory. Its keeping qualities are excellent, for which it received a certificate at Springfield, Mass.

ERMENILDA—(N. Smith & Son.) A fine seedling from Ada Spaulding. Outer petals reflexing with a high incurved centre. Strong footstalks with abundant foliage well up to the bloom. Color a soft pleasing shade of pure rose pink without shadings.

MILES A. WHEELER,—(N. Smith & Son.) A fine midseason incurved Japanese. Flowers of large size, the ground color a beautiful light yellow with outer petals finely striped pink, giving it a bronze appearance by day and pink by night. Best yellow at Indianapolis, 1891; Certificate at Boston and best seedling at Sharon, Pa., 1892.

DR. H. D. HULL,—(N. Smith & Son ) From the same seed head as Harry Balsley, with same style of growth, flowers equally double and of greater diameter. Undoubtedly one of the grandest novelties of the season for its graceful form and dainty color, which is light cameo pink. The outer petals fade to white while the center retains its color. Petals very long and broad, with their arrangement irregular and graceful to the extreme. Certificate at Indianapolis, 1891.

PARTHENIA,—(N. Smith & Son.) A beautiful white, maturing for Thanksgiving use. Seedling from Mrs. A. Hardy, with fine constitution and foliage; flowers reflexed; guard petals very long and drooping. Contour distinct from any variety in commerce. Awarded Premium as best white seedling at Indianapolis, 1892.

SARAH HILL,—(F. Dorner.) A very strong, stocky variety; flower of a bright golden yellow, very large and full; petals broad, standing erect, making the form globular, flower stem strong, covered with leaves up to the flower; rather early, but of a long keeping quality. National Certificate at Cincinnati.

ARMIDA,—(Dorner.) A very early pure white variety, coming into bloom a week earlier than Gloriosum; flowers large and full; petals strap form; growth very strong; a profuse bloomer.

IRMA,—(Rieman.) A grand self-pink, of perfect form; flowers very double, on strong foot-stalks; growth all that can be desired. Winner of silver medal and $50 00 at Cincinnati; also Certificate at Indianapolis.

GOLDEN WEDDING,—(P. Henderson & Co.) Flower of the largest size; high in the center, with petals incurved and loosely twisted, while the outer ones are somewhat drooping and reflexed. It is a bold, deep yellow flower of uncommon form and great sturdiness in stem and foliage. Price, 40c each; $4 50 per dozen.

J. H. CLIFFE,—(D. Cliffe.) Flowers very double incurved, showing no centre; strong stiff stem, with fine foliage; color a very beautiful delicate pink; a grand variety for exhibition or cutting, and its keeping qualities are excellent. Winner of the Prize for best twelve pink blooms at Philadelphia, 1892. $1 00 each.

MISS KATE BROWN. The very finest of all the early whites, coming into bloom the first week in October; fully six inches across; a fine incurved flower with broad petals: first-class disbudded, and also beautiful in natural sprays. Will pay to grow it in quantity. Highly appreciated in the East, where the cut flowers have been sold for the past two years.

GOLDEN BALL. This magnificent variety originated with H. A. Gane, Esq., and has been awarded certificate of merit by Royal Horticultural Society of England. It is the very best variety of its color, "deepest golden yellow," for decorative specimens. Self-supporting, never needing a stake, and growing about two feet in height. Compact, free flowering, full double, globular reflexed bloom, remarkably healthy, carrying its dark green foliage to the ground, a grand yellow companion for Ivory. 50 cents each, $3 00 per dozen.

KING OF OSTRICH PLUMES. Deep chrome yellow, shaded buff and orange. Large and double, perfectly incurving; long, broad petals, covered with GLANDULAR HAIRS. The grandest of all hairy chrysanthemums. $1 00 each.

GOLDEN OSTRICH PLUME. Bright golden yellow; petal covered with GLANDULAR HAIRS, . Very large and double. $1 00 each.

ANNA WOODS,--(E. G. Hill & Co.) Bright rosy magenta, the finest specimen of this color that we have seen; petals broad and thick, outer rows quite horizontal with incurving centre showing a silvery lining; perfectly double, of fine size; another very free grower; stems stiff and strong.

A. T. EWING,—(E. G. Hill & Co.) Color, creamy white, heavily banded and penciled in carmine pink; petals very thick, broad and flat, with nicely rounded tips; flat or slightly reflexed. central petals upright, perfectly double, large and of fine form; very free in growth and bloom.

JOEY HILL.—(E. G. Hill & Co.) Of the very grandest size; we know of nothing larger in the entire family. Color, deep cardinal red of beautiful shade, faced with old gold; the outer petals are flat, showing the color to good advantage, the centre is an immense mass of closely packed petals, no room for another one apparently. Very strong in growth. An entire new departure in reds. First Premium for the best red at Indianapolis.

MAUD DEAN.—(E. G. Hill & Co.) An extra large flowered variety. petals broad and incurving, perfectly double and of great substance; color pink, almost rose, a shade not found in any other variety. A model variety for cut flower purposes in form, size, color, and stem. Silver Cup at Indianapolis for prize novelty of '91, not yet disseminated. First-class Certificate at Cincinnati and Boston.

ROBT. MCINNES.—(E. G. Hill & Co.) Might be described as a perfectly double Mrs. Wheeler; the color is quite as bright, both the scarlet and the gold, while it is full to the last degree. a perfect globe in form; it is quite early, being in full perfection the last week in October, and can be had much earlier. Very brilliant in appearance as well as grand in size and form. First Premium at Cincinnati and New York.

PRES. WM. R. SMITH.—(Color of Daybreak Carnation, a pure self-pink; very heavy in substance, on stiff stems; very free in growth and also free in propagation; the form of the flower is very beautiful in all its stages; it opens with a centre incurving in a circle enclosed in broad outer petals; it gradually assumes the true Japanese form, rounded and deep, and this gradually changes to the informal reflexed; perfectly double; a spendid keeper; especially fine for cut flowers and exhibition blooms.

W. G. NEWITT.—(E. G. Hill & Co.) Pure white with long drooping petals from the outer rows, centre petals upright; very informal in arrangement, of large size; the foliage extends up the stem quite to the receptable and acts as a support for the reflexed petals, broadening the flower very much in effect.

W. N. RUDD.—(E. G. Hill & Co.) Color, pale lavender pink of pleasing shade. The

petals are very long, the outer ones drooping, and all are of the curiously notched formation seen in Elkshorn; of more than medium size and of most exquisite finish; a good, free grower. Perfectly double; a fine cut flower variety.

EMILY LADENBURG.—(T. H. Spaulding.) Incurved Japanese bloom of large size and high built, solid form. Deepest crimson, nearest approach to black; never burns as crimsons are apt to do. Strong, healthy habit. Winner of Oelrichs cup at Madison Square Garden, 1891, for best crimson seedling, silver medal at Philadelphia, first prize Madison Square Garden, 1892, for best seedling exhibited previous to 1892, and superior to existing varieties.

MISS M. SIMPKINS.—(T. H. Spaulding.) An immense incurved Chinese bloom of purest snow white, a solid ball with high centre, style of L. C. Madeira; grand for any purpose; the best white Chinese ever distributed. Awarded Silver Cup at Madison Square Garden for best white seedling. Single plants, $1 50.

M. B. SPAULDING.—(T. H. Spaulding.) An enormous, clear, deep lemon yellow, immense in size; petals incurving and interlacing; centre full and high, without an eye, one of the most double flowers in commerce, a grand show variety. Awarded the Blanc Prize at Philadelphia, 1891, for best seedling, also Silver Medal; First-class Certificate at Madison Square Garden, 1892. Stock limited. Single plants, $1 50.

WALTER HUNNEWELL.—(T. H. Spaulding.) A mammoth strikingly handsome bronze-yellow incurved Japanese bloom, with broad, solid florets and flowers of great depth; perfectly double; dwarf and sturdy habit. Awarded Certificate by Massachusetts Horticultural Society. Single plants, $1 50.

CARDINAL.—(F. S. Walz.) Size of L. Canning, with higher centre; color cardinal red, under side terra cotta; of good habit; comes in November 1st; this is a showy variety.

H. L. SUNDERBRUCH.—(F. S. Walz.) A seedling of International; of clearest bright yellow; of extra large size; full to centre, with wide petals irregular in form, which gives it a graceful appearance, this is a grand sort; growth robust, compact with fine large foliage close up to the flower; makes a fine plant for any purpose. Received the Longworth Prize (silver cup) at Cincinnati flower show.

MISS BETTIE FLEISCHMAN.—(F. S. Walz.) This is a late variety of unusual substance comes in for Thanksgiving day and will last for January; color rose crimson in, with silvery pink out; flower good size, very full incurved when first opening, twisted and recurving after matured; growth compact, stems stiff with good foliage close up to flower; an extra good sort for the holidays, which has been missing in a decided color for late.

THE QUEEN.—(F. S. Walz.) This novelty is undoubtedly the finest white variety up to date; it excels all in purity, extra large in size, of beautiful half globular form with broad incurved shapely petals, of great substance; growth robust, with large, smooth, heavy, deep green foliage; carries flower erect on stiff stem; it is a grand show flower and promises to be a very profitable variety for commercial purposes; opens October the 25th. Winner of the Prize at Madison Square Garden flower show; also the Storer Prize (silver cup) at Cincinnati, where shown. $1 25 each.

---

# LIST OF STANDARD VARIETIES,

**Including the Best of Last Year's Novelties,**

100 Plants, five of a kind, for $4.00—First-class Sorts.
Or, 100 " two of a kind, for 5.00 " "
Or, 100 Plants, only choicest and most novel sorts:
One of a kind, for $10.00.
Or, Two of a kind, for 8.00.

DR. COVERT. A grand late yellow; flower perfectly double, very large, stem stiff and a good grower.

EDW. HATCH. Very large finely-rounded flower, quite double on stiff stems; color, soft lemon with touches of pink.

FRED. DORNER. A fine grower; produces large flowers nicely incurving on opening, with reflexed outer petals, but as the bloom is perfected, it gradually assumes a fine pyramidal form of pure white, very lightly penciled in pink.

MRS. MARIA SIMPSON. A fine, broad-petaled, incurving variety; shows no center; of grand size; color of soft chrome-yellow.

MRS. A. J. DREXEL. One of the very largest early sorts; half globular in form; color, crimson lake.

MARGUERITE JEFFORDS. A fine globular flower of bright amber color; quite double, and of excellent habit.

C. B. WHITNALL. An incurving Chinese variety, of bright velvety maroon color, with lighter lining; stems stiff, and a fine grower.

JOSEPH H. WHITE. A grand globular white, with large Dahlia-like petals; perfectly double, and of great purity of color.

JOHN BERTERMANN. A grand late white; stems stiff, flower perfectly double; petals arranged horizontally, of great substance and nicely corrugated lengthwise. The color is pure white shading to cream at the center. A fine keeper.

MRS. ROBERT CRAIG. A splendid example of the globular incurving Chinese class, but with the size, breath of petal and general grandeur of build of the Japanese. Very pure white, one of the best.

MR. L. C. MADEIRA. A perfect, compact globe of bright orange color; petal upright like unopened pointed quills; constitution strong; stems stiff; flowers large and of the heaviest substance.

ROSLYN.

A superb, clear Mermet rose pink; petal thick and heavy, cup shaped; solid to the center, immense in size, having been exhibited eleven inches across; habit the best; stems stiff and erect.

E. HITZEROTH.

A magnificent extra large flower, petal broad and peculiarly arranged, completely filling the center.

LILLIAN RUSSELL.

A beautiful broad-petaled, clear, silvery pink, incurving and forming an immense round ball of the largest size; an early flowering variety, suitable for all purposes.

ADA H. LE ROY.

A fine, symetrically-formed variety; petals broad and cupped full to the center; color, deep rose-pink, extra large flower.

RUTH CLEVELAND.

A chaste and beautiful acquisition of large size, petals broad and cup shaped, outer rows reflex, inner ones incurved, forming a high-built center of most delicate silvery pink.

J. N. MAY.

Extra large, deep ox-blood red, color of Mrs. J. T. Emlin but much larger and more double; reverse of petals shaded copper-bronze, full and solid bloom; a magnificent acquisition.

MRS. J. W. MORRISSEY.

A mammoth flower with full, double-center, exhibited twelve inches across, color silvery pink, inner surface of petals bright rose. A grand exhibition bloom. Awarded certificate of merit by Pennsylvania Horticultural Society.

EVA HOYTE.

An immence, double Japanese bloom of clearest and brightest yellow; a solid ball with full, high-built center; grand for any purpose.

### A. LADENBURG.

A fully and extremely double Japanese variety of immense size, having been grown ten inches across; style and shape of Mrs. I. Clark, except in color, which is a clear delicate rose-pink.

### SHENANDOAH.

Magnificent broad flower, full and double to the center, petals over an inch in width; color, a new shade; deep chestnut-brown on both upper and lower surfaces, the entire bloom being a solid solor without shadings.

### MR. HICKS ARNOLD.

A strong-growing and floriferous variety, bearing large, full, double Sowers of an old gold color, lighting up wonderfully by artificial light.

### HARRY MAY.

Flower very large and deep, full, double, forming when well opened, a massive sphere; color deep old gold, with occasional veins of reddish; petals very broad and thick.

### MISS ANNIE MANDA.

Flower very high and compact, perfectly double, incurved, of the purest white. The numerous petals are well furnished with long glandular hair-like outgrowths, giving the flower a unique appearance.

### W. A. MANDA.

The golden-yellow hairy Chrysanthemum. Flower very large, of a clear golden-yellow color. The plant is vigorous in growth and the flower is borne upright on a stout stem.

### MISS ADA McVICKER.

A plant of strong habit, producing immense creamy white flowers with broad, thick, reflexed petals.

### MRS. E. D. ADAMS.

Flower very large; petals of medium width, very long, twisted, the outer ones swirled, as if the flower had been turned swiftly on its stem; color pure white. One of the best and most distinct white Chrysanthemum in cultivation.

### GEORGE W. CHILDS.

The best deep, self-colored crimson variety in existence; flowers massive and of immense size, with broad, stiff petals, rich dark velvety crimson, without a shade of brown or chestnut; stems strong and erect.

### WM. FALCONER.

A magnificent sport from Louis Boehmer, partaking of all its good qualities; the color being an exquisite shade of rosy blush, changing to a delicate flesh pink. Flowers of largest size, borne on strong, vigorous sterms.

DOMINATION.—(Imp. Waterer, J.) Creamy white; extra large.

G. P. RAWSON; superb double variety; large, rich buff shaded at center to nankeen.

HARRY BALSLEY.—(Smith & Son, J.) In describing this variety last year we predicted it would he held in high esteem for its beautiful color.

TUXEDO.—(Ref., Smith & Son.) Frank Wilcox X Cullingfordii. In growth is like Wilcox in every respect except foliage, which resembles that of Cullingfordii. When flowered in heat is a beautiful amber in color, and a bright orange when grown cold.

MISS MINNIE WANAMAKER.—(Waterer, I. J.) White, of the largest size; a variety in great demand; extra fine for cutting or exhibitions.

MRS. M. J. THOMAS.—(Craig, J.) White; large and full.

MARIE WARD.—(Spaulding, J.) A sport from Mrs. J. N. Gerard, being indentical with that variety only in color, which is pure white.

MRS. LAY.—(Hughes, C.) Extremely double; globular in shape; white, with blush shadings.

V. H. HALLOCK.—(Imp. Hallock & Son, J.) Delicate pink of a very pleasing shade; robust habit; desirable in every collection.

VIVIAND MOREL.—(J.) Extra large flowers; petals long and loosely arranged; a beautiful light shade of pink; one of the best of late introduction.

WABAN.—(Vaughan, J. Very large, full flower, style Robt. Crawford, but petals longer and deeper pink; fine exhibition variety.

EXQUISITE. A seedling from Mrs. Fottler, identical in color, grand improvement. The petals are quite upright, and show the bright pink shading at their best.

---

The following list contains the finest Chrysanthemums of all classes, both new and old. The most famous varieties are all included. Price, unless noted, 50 cents per dozen; $4 00 per 100.

FLORA HILL.

What Widener is among yellows, Flora Hill is among whites.

FRANK THOMSON.

A splendid flower; it is very nearly white in color, only showing a touch of pearl-pink at the base of the petals.

JOHN GOODE.

This is a fancy cut-flower variety. It is of almost globular form, the outer petals are delicate lavender, forming a decided band of color; the inner petals are clear lemon.

C. W. DEPAUW.

This was produced by the raiser of Widener; it is a very double sort, having long petals arranged in most perfect form; the color is a soft pearl-pink, with touches of light lavender. It has the appearance of a soft, fluffy pink ball of great size. Will rank with any of the very finest varieties.

PHILIP BREITMEYER.

A most distinct variety, having heavy stems and foliage of light yellowish green; the flower is of the brightest golden-yellow, extremely double; petals rather short and of heavy texture; of helianthus form.

R. MAITRE.

Not surpassed by any pink in cultivation; of the largest size, perfectly double and without a trace of coarseness. This variety will rank with the finest. A splendid keeper, of most symmetrical form and a thrifty grower. It perfects numerous flowers to the single plant. The color is delicate and exquisitely beautiful.

SUGAR LOAF.

This is a variety for everybody. It is the freest-growing and freest-flowering sort that we know, and under the most ordinary treatment produces quantities of flowers of the grandest size. The outer petals recurve slightly, while the inner rows incurve; the color is varying shades of yellow, often shaded bronze, sometimes perfectly clear.

EMILY DORNER.

It is a rather dwarf grower, but very sturdy; the flower is nicely incurved, petals broad and of the richest shade of orange-yellow, touched with crimson. Have tried this for two years and find it fully up to standard A No. 1.

ELMER D. SMITH.

In the hands of our "crack growers" we believe that this variety can be made to outrank all others in the size of its diameter and the number of its petals. The foliage is very large and heavy, and dark green; the color is cardinal red, of a very

rich, pleasing shade, faced upod the back of the petals with clear chamois; comes nearer being a scarlet-maroon than any of the Wheeler type yet sent out.

MISTLETOE.

It is a large size of the incurved Japanese type, covering up the center entirely; the petals are quilled one-third of their length, then open out in bands of a deep silver color on the lower or other side, while the inner is a deep crimson.

MERMAID.

A soft mellow pink, with deeper shading on the outer edge, while at the base it is of a deep cream; a fine incurving, globular flower, the admiration of all the florists who saw it, and pronounced it a variety for cutting purposes, on account of its color, strong stem and excellent keeping qualities. A strong, healthy grower.

ANNA DORNER.

A fine, full, bold flower, with outer petals striped and shaded deep carmine; center a rich, creamy white, well built up. While the other two are incuved, this is a reflex, with petals somewhat twisted; of good keeping qualities.

EVALEEN STEIN.

A grand flower of large size, very double and full, of a delicate white color. Petals horizontal, with half an inch turned up at angle, and dividing like the variety called the Elkshorn.

INNOCENCE.

A chaste and beautiful white, the white being of a purity not approached in other white varieties.

EVA PRASS.

A fine, bold, recurving, globular flower of great substance and depth. When opening, of a delicate salmon, then changing to a creamy white, delicately shaded blush.

LOUIS BOEHMER.

It is a strong, free grower, producing large, violet-pink blooms that are covered with heavy, velvety pile; a decided advance on Mrs Hardy in this respect; and also in strength of constitution.

HARRY E. WIDENER.

Brigh lemon-yellow in color, without shading.

CLARA REIMEN.

A rich lavender-rose in color, shading to silvery rose, with a white center. A very large open-surfaced flower of fine texture.

MRS. WINTHROP SARGEANT.

Brilliant straw color, incurved, carrying its flowers on long, stiff stems. Very large, if not the largest in this line of color. A large, grand flower.

MISS MARY WEIGHMAN.

A magnificent and very distinct chrome-yellow; in form loose and feathery, but very large and full; flowers 10 inches across; early.

MOLLY BAWN.

Those acquainted with Syringa will need no words of praise for its sport—Molly Bawn. It is pure white, having been grown two years, which shows its color to be fixed.

ADA SPAULDING.

Habit most sturdy and robust; color novel and distinct; lower part of flower deep pink, upper portion pearl white; petals very large, broad and solid; of good sturdy habit, flowering early.

MRS. WILLIAM BOWEN.

Crimson-scarlet inner side of petals, bronze-yellow lower or outside of petals.

MRS. WANAMAKER.

White, shaded light pink. Globular form, good.

E. G. Hill. (1890.) Immense flower; bright yellow, deeply shaded bright carmine.
W. H. Lincoln. Pure bright yellow; immense double flowers, slightly incurved.
Excellent. Very soft Mermet pink; flower of immense size and quite double.
Violet Rose. A grand, rosy violet variety; very large and double.
Source d'Or. Bright orange, with gold shadings; splendid.
Ivory. Snowy white, of perfect incurved form, very large. This is undoubtedly the most useful introduction of late years as an early variety; drawf in habit and ex ceedingly free flowering.
Flora McDonald. White, with yellow shadings; very fine.
Christmas Eve. (Japanese ) A beautiful white, with curved and twisted petals.
T. C. Price. Considered by many to be the finest of the year; cream color, lower part of flower strawberry; a perfect turban in shape.
Mrs. William K. Harris. One of the most magnificent yellows. Requires good treatment.
Miss Mary Wheeler. Cream, suffused at times with pale pink.
Mrs. E. W. Clark. One of the largest and finest; rosy purple.
G. F. Moseman. One of the largest-flowered varieties, often measuring nine inches across; incurved petals; bright Indian red inside, and buff on the outside.
Yeddo. Long, twisting petals; bright yellow.
Jessica (Japanese.) Snow white, yellow, early.
Mrs. Langtry. Broad petals and a flat flower of pure white.
Mrs. J. B. Wilson (Japanese.) A grand flower; ivory white, bold and beautiful.
President Arthur. (Japanese.) Dark, rose-colored flowers in immense whorls; very striking.
J. C. Price. Fine yellew.
L. Canning. White; one of the finest for general utility. Lewrell. Fine white.
M. Boyer. Fine pink.
Snowball No. 27. New, pure white; best white Chrysanthemum for general utility known. A grand flower and bloomer.
Sunnyside. A large, flesh-colored flower.
Kioto. New and distinct variety; in color yellow; resembles the Grandiflorum in size and contour. Petals have a tendency to whorl fantastically; a decided favorite.
Lillian B. Bird. Distinct Japanese, an exquisite pink; tubular petals, remarkably handsome.

## BEGONIAS.

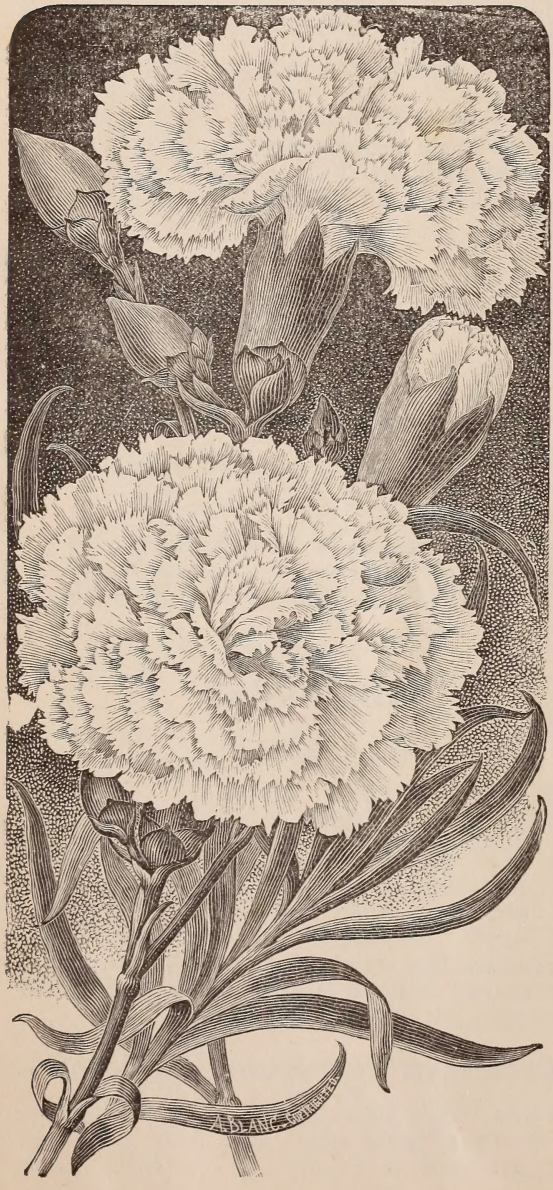
Manicata Aurea. Of all the ornamental-leaved Begonias, this is the most striking and distinct. Its large, glowy green leaves are beautifully blotched with creamy white, with clear carmine etching in the matured leaves. 20 cents each; $2 per dozen.

12 of the best standard varieties Rex Begonias, also 10 of the best standard blooming varieties, 75 cents per dozen.

## Cyclamen Persicum Giganteum.

From 2 inch pots at $8 00 per 100. These are the very finest strain as I have grown my own seed.

# GENERAL LIST.



| | Per Dozen. | Per 100. |
|---|---|---|
| Abutilons.—Boule de Neige, king of Roses, lustrous | $0 50 | $ 4 00 |
